DIARY NOTES

DD/S [REDACTED]

7 May 1962

25X1A

1. After talking with [REDACTED] and General Carter, we agreed that we would leave for Texas sometime on 20 May. General Carter would like to catch the 2:40 p.m. flight from [REDACTED]

2. I had several conversations with [REDACTED] and others about the Director's interest in [REDACTED] "senders and receivers". As a result of all this, the Office of Communications is going to have a display in their conference room beginning at 1:00 p.m. tomorrow.

3. General Carter buzzed to say that General and Mrs. Cabell wanted to ride with us to [REDACTED] on 20 May. I told him that I saw no objection; he said his office would take care of notifying General Cabell of the schedule.

4. I had a long conversation with Johnny Bross, who was still not happy about the memorandum to the Bureau of the Budget concerning NPIC. I told him that I didn't see much to be gained by pursuing the matter further. The real reason for the erroneous estimates was the fact that they were made without benefit of detailed plans in order to expedite completion of the project. Johnny said that he would telephone Bob Amory and try to talk them out of submitting the letter which they requested.

5. [REDACTED] called to say that the Director would be away on 29 May for possibly as long as three weeks. This will be the appropriate time to do the painting in his office, and I must notify [REDACTED] of this.

6. [REDACTED] also said that the Director had renewed his interest in adjusting upwards the salaries of CIA senior personnel. I talked to Larry Houston, who was submitting a paper to the Director pointing out, among other things, that if he can get the salaries of the DCI and DDCI changed, we can take care of the others through administrative action.

7. I telephoned Shef Edwards about the meeting [REDACTED] was having with the telephone people as a result of their complaint about being restricted to the North cafeteria. I told Shef that I would be very interested in the outcome of this meeting and that, if the telephone people should bring a union representative in, the discussion should be very guarded.

8. [REDACTED] advised me that the Director planned to start visiting the various components in the building and would appreciate any suggestions we might have as to which units he should visit.

25X1A9a

9. Walt also advised me that [REDACTED] had been given responsibility for representing the Director's office in arranging the move of Mr. Dulles' office from South Building to East Building.

25X1A6a

10. Jack Earman talked with me about the possibility of moving the FE Audit Team from [REDACTED] after 1 October, after which time (he understands from [REDACTED] sufficient quarters will be available. I told him that I had no objections to this and suggested that he write a memorandum to this effect. However, I pointed out that, should a crowded situation arise again which necessitates someone moving from [REDACTED] the Audit Staff would probably be picked on because they can operate from one place as well as another. (I do think, however, that it is better for them to be in [REDACTED] inasmuch as they travel about 50 per cent of the time, and their families are left alone.)
